**PARENTING TIP OF THE MONTH**

This is the time of year when many graduations occur: from kindergarten to grade 1, from grade 8 to high school, from high school to post-secondary or the workplace, from post-secondary and graduate school to the workplace. Many accolades are given at this time, but often we forget that success comes from a solid foundation built by the family. In family, children learn about everyday events and life-impacting situations; they learn about values, commitment, caring and love; they are given support through failures and congratulations on successes, allowing growth and an acceptance of challenges; they learn how to be somebody in their own right, while feeling secure because they also belong; they learn about faith and spirituality, so they can be sustained as they navigate life. Parents are the most influential people in their children's lives - your role and how you fulfill it really does matter!

**MARRIAGE TIP OF THE MONTH**

As spring arrives most people move outdoors and observe their living quarters from a different vantage point. They discard any garbage that has accumulated over the winter, pull weeds, turn the soil over, spread fertilizer and plant flowers, all so they can enjoy their gardens as the summer months unfold. It is good now and then to do the same kind of maintenance on your marriage. Take the time to sit down and have a discussion about what bad habits, poor communication, or other actions have accumulated in your marriage that are acting as excess garbage. Discuss ways of discarding the old habits and discern ways to move forward so that together you can plant new methods of being, speaking and loving each other. Big or small changes can result in healthier connections, allowing you to truly enjoy the summer and autumn of your relationship! (Family Ministry Office, 905-528-7988 ext. 2250)
