Jeff Martyniuk Scholarship

We have a new scholarship that has been designed to assist a grade 12 student to help them continue with their post-secondary studies. It is available for a student who may have struggled because of financial and/or personal challenges and this limited their ability to concentrate fully on their studies. The benefactor will be a person that can provide evidence of how they have overcome adversity and have worked to the best of their ability throughout their high school journey. Please see Christine for details and the criteria form.
