**SPECIAL COLLECTION – SHEPPERDS' TRUST**

The Shepherds' Trust supports the needs of our retired clergy who have served our family of faith, enriching our lives in our own homes, schools, churches, hospitals and other areas of ministry.

The idea of the Trust began with a group of lay people who realized the needs of our retired priests and offered their help to establish the Trust as a reflection of the gratitude and appreciation of the parishioners they served.

Through your support of the Shepherds' Trust, our retired priests are given the dignity of adequate pensions, health care and other assistance in their golden years. The collection for the Shepherds' Trust **will take place in all parishes in the Archdiocese on November 13th and 14th.** Please make use of envelopes in this week's envelope.

The Shepherds' Trust does more than just bridge the gap in our priest's retirement years; it says thank-you in a very tangible way for the blessings we have received. Your generosity on November 13th and 14th is deeply appreciated.

### SAINT LEO THE GREAT, POPE & DOCTOR

Saint Leo was born in Rome in 398 AD. On the death of Sixtus, Leo was chosen Pope, and consecrated on Saint Michael's day, 440, amid great joy.

It was the time of terrible trial which preceded by thirty years the definitive fall of the Roman Empire. Vandals and Huns were wasting the provinces of the empire, and Nestorians, Pelagians, and other heretics wrought still more grievous havoc in souls. While Leo's zeal was making headway against these perils, there arose the new heresy of Eutyches, who confounded the two natures of Christ. At once the vigilant pastor proclaimed the true doctrine of the Incarnation in his famous "tome"; but fostered by the Byzantine court, the heresy gained a strong hold upon the Eastern monks and bishops. After three years of unceasing toil, Saint Leo brought about its solemn condemnation by the Council of Chalcedon, the Fathers all signing his tome, and exclaiming, "Peter has spoken by Leo."

Soon after, Attila with his Huns broke into Italy, and marched through its razed cities upon Rome. Leo went out boldly to meet him, and prevailed on him to turn back. His chieftains were astonished to see the terrible Attila, the "Scourge of God," fresh from the sack of Aquileia, Milan and Pavia and with the rich prize of Rome within his grasp, turn his great host back to the Danube at the Saint's word. They asked him why he had acted so strangely. He told them he had seen two venerable personages — who are generally supposed to be Saints Peter and Paul — standing behind Saint Leo; and impressed by this vision, he withdrew. Two years later the city fell a prey to the Vandals, but Leo saved it again from total destruction. He died in 461 after having ruled the Church for a little over twenty years.
