## **MARRIAGES:**

Couples planning to be married must contact a priest well in advance of the wedding date. They must also receive personal preparation for entering marriage.

If either party has previously gone through any form of civil or religious marriage with another person, the priest is not permitted to set a date for the wedding until the Bishop's office has been consulted.

It should be noted that Catholics, in order to marry validly, must marry before the parish priest or his delegate and two witnesses. A civil marriage or a marriage before a non-Catholic minister is not a valid marriage. Couples in such "marriages" should contact a priest to have the situation rectified.

### AIR CONDITIONING UPDATE

We are sorry to report that the air conditioning system is still not working. Why? The manufacturer of the new condensers insisted that all the existing copper piping from the units outside to the cooling coil in the church basement be replaced. Without this additional work, there would be no warranty on the new units. The cost of the additional work is \$16,500 plus HST. The good news is that the insurance company has agreed to pay this amount. The bad news is that this has caused a further delay. Thank you for your continuing patience.
