MARRIAGES:

Couples planning to be married must contact a priest well in advance of the wedding date. They must also receive personal preparation for entering marriage.

If either party has previously gone through any form of civil or religious marriage with another person, the priest is not permitted to set a date for the wedding until the Bishop's office has been consulted.

It should be noted that Catholics, in order to marry validly, must marry before the parish priest or his delegate and two witnesses. A civil marriage or a marriage before a non-Catholic minister is not a valid marriage. Couples in such "marriages" should contact a priest to have the situation rectified.

When it leaks it pours.

The HVAC control system stopped working on the night of December 22. The reason turned out to be that power supply was destroyed by water damage. It was a relatively inexpensive and fast job to get the control system up and running, but the bad news is that the water go into the basement control room because the small flat roof on the NE corner of the church is leaking. We have just signed a contract to get it fixed for \$5,985 plus HST.

Coffee House – A Great Place to Chat

It is a delight to see so many people on Sunday morning talking to one another after Mass. But the noise level in the narthex often causes people to raise their voices, which, of course, disturbs people in the church who want to pray. Why not come down to parish hall, enjoy a cup of coffee or some treats, and talk with confidence without disturbing anyone?

Please turn off your cell phone before entering the church, or switch it to silent/vibrating mode.
