MARRIAGES:

Couples planning to be married must contact a priest well in advance of the wedding date. They must also receive personal preparation for entering marriage.

If either party has previously gone through any form of civil or religious marriage with another person, the priest is not permitted to set a date for the wedding until the Bishop's office has been consulted.

It should be noted that Catholics, in order to marry validly, must marry before the parish priest or his delegate and two witnesses. A civil marriage or a marriage before a non-Catholic minister is not a valid marriage. Couples in such "marriages" should contact a priest to have the situation rectified.

A/C UPDATE

We hope that you are reading this in a cool climate. But if the church is still hot, you might want to know what is going on. By the time that the A/C system was fixed last year, the weather was too cold to test it out. We were hoping to start the system in April, thinking that the temperatures might get substantially over 20, but as you know the last two months were quite cold. The technicians were supposed to be in on Thursday, but the main man had dislocated his shoulder so the team could not come. They are scheduled to come back on Saturday. The good news is that the warranty on the system begins only after they get it up and running and we have held some money back from the job to ensure that they will come back. **Oremus.**
