MARRIAGES:

Couples planning to be married must contact a priest well in advance of the wedding date. They must also receive personal preparation for entering marriage.

If either party has previously gone through any form of civil or religious marriage with another person, the priest is not permitted to set a date for the wedding until the Bishop's office has been consulted.

It should be noted that Catholics, in order to marry validly, must marry before the parish priest or his delegate and two witnesses. A civil marriage or a marriage before a non-Catholic minister is not a valid marriage. Couples in such "marriages" should contact a priest to have the situation rectified.

Catholic Ministries on Campus

If you are a student entering college or university this fall, remember to check out the Catholic ministries that exist on your campus. Catholic associations and clubs provide a great opportunity to meet new people and to grow in your faith while living the student life. Check out your school's website for more information on campus clubs, ask where the chapel and chaplaincy services are and look for Catholic ministries at open house events during orientation week. May God bless you as you prepare for the future.

ZONES OF SILENCE

"The search for intimacy with God involves the truly vital need of silence embracing the whole being, both for those who must find God in the midst of noise and confusion and for those who are dedicated to the contemplative life. To achieve this, their entire being has need of silence, and this requires zones of effective

silence and a personal discipline to favor contact with God.

(Bl. John Paul II)

Please help to make our church a zone of silence for those who come to pray. Protracted talking within the church, even in whispers, can be a real distraction to those who are trying to focus on God. And when socializing after Mass, be mindful of closing the inner doors in the narthex and keeping the noise level down.

Please turn off your cell phone before entering the church, or switch it to silent/vibrating mode.
