### Pope Francis in the New York Times

"Whether or not they were conscious of it, their choice testified to a belief: that it is better to live a shorter life serving others than a longer one resisting that call. That's why, in many countries, people stood at their windows or on their doorsteps to applaud them in gratitude and awe. They are the saints next door, who have awakened something important in our hearts, making credible once more what we desire to instill by our preaching."
