Do You Have Older Children who Need Baptism?

The term older children refers to those between the ages of seven and thirteen. If they are younger than seven they are baptized by the same process whether an infant or young child. For older children they need to take the lead with their parents' help to request baptism. For those in the school age group be in touch so that we can work with you to prepare these children for baptism. Material is provided that you will use at home and we will journey with you during the period of preparation. Children will be baptized at a time other than with the small children.
