Christ the King

This Sunday is the Feast of Christ the King and this feast marks the closing of Year C in the Liturgical Calendar of the Church. In the Gospel of St. John, when Pontius Pilate asked Jesus if He was indeed a king, He replied, "Yes." But He was not the king Pilate thought. He is not a military or political king whose followers would fight for Him or whose domain is limited to one nation.

Jesus Christ is a real King because of who He is. He is the King of Kings but a different King because of what He did. He redeemed and forgave us of our sins. As a King he is not out to dominate but to love; not out to rule but to serve; not out to order but to seek out the lost ones such as the repentant thief on the cross in the Gospel. Jesus is the King of Hearts because His Kingship is based on love rather than on coercion and threats. Jesus does not impose His rule on anyone but is respectful of the freedom of all. He wants only to reign in the hearts of those who love Him.

Therefore, this feast is an invitation to all those who have power or authority of any kind to compare their use of power or authority with Jesus. Are they using their power to serve others or to manipulate? Are they using their power for the building up of a more just society or to feather their own nest? Are they using their power in any way that might cause pain on others or in a way that could help alleviate pain?

This Sunday also invites all of us to ask ourselves: What does the feast of Christ the King mean for our daily lives in modern society?
