Development and Peace Action Card 2015

This December, world leaders will gather in Paris for the United Nations Climate Change Conference (COP21), to negotiate a new international agreement that will determine the future of the world's climate. For this agreement to be effective at avoiding future climate-related disasters, the global temperature can't rise more than 2°C over the coming years.

CANADIAN CATHOLIC ORGANIZATION FOR

**Development
and Peace**

Pope Francis, through his encyclical *Laudato Si*, has chosen this crucial year to call on every living person to act on climate change and protect our common home. He reminds us of our responsibility to act by stating: "The pace of consumption, waste and environmental change has so stretched the planet's capacity that our contemporary lifestyle, unsustainable as it is, can only precipitate catastrophes, such as those which even now periodically occur in different areas of the world. The effects of this imbalance can only be reduced by our decisive action, here and now." Development and Peace shares the concerns of Pope Francis: everyone in our global village is affected by climate change, but it is the poor who are paying the biggest price.

We can look to the Philippines, Ethiopia and Honduras to see the impacts on countries that are extremely vulnerable to climate change, as they suffer the consequences of typhoons, droughts and environmental degradation. These countries were highlighted in the Information brochure you received in your bulletin two weeks ago. The most poor and vulnerable in the Global South suffer the most from the impacts of climate change, yet they are the ones who contribute the least to the carbon emissions that are warming the planet.

The movement for climate justice is diverse, strong, and global. As part of this campaign, Development and Peace invites Canadians to make a commitment, through the use of an action card, to reduce our consumption and to make sustainable choices. By signing Development and Peace's Action Card, we are asking the Prime Minister to sign on to an agreement at COP21 that sets the target to keep the rise in the earth's temperature below 2°C and to be a leader in achieving that target. On the card, you can also share with the Prime Minister your own personal action to help reduce climate change. With the action card, we are also challenging our federal government to make a commitment to make the transition towards an economy based on renewable energy.

Development and Peace is asking us to join the people around the world who care about our planet and the world's people by taking action on climate change. Let's stand with Pope Francis and protect our common home. Please take a few moments to sign the card and drop it off to one of the members of Development and Peace who will be standing at the church doors. These cards will be forwarded to Ottawa on November 5 so that the Prime Minister and his representatives who will attend the meeting in Paris, France, will have a strong message that Canadians are committed to climate change. Be a part of this global movement to protect the Earth! Let us make Canada a climate leader.

Project Hope

In response to the global refugee crisis, Cardinal Thomas Collins has launched "Project Hope," a special emergency appeal. This 100-day campaign aims to raise \$3 million in order to settle 100 refugee families in the Archdiocese of Toronto as soon as possible. The effort will also require 100 volunteer committees to assist with settlement services. To make a donation to support the appeal, visit: www.archtoronto.org or call (416) 934-3411. We continue to pray for all those suffering, mindful of our call to welcome the stranger in our midst.
