## OUR PILGRIMAGE TOGETHER

To create a unified community and foster growth in faith.

*The Mission of the Catholic communities of Immaculate Conception and Our Lady of the Lake is to respond to God's call with personal conviction, commitment, and community action. Our purpose is to be like the disciples of Emmaus who recognize Him in the breaking of the bread and persevere in our focus to know Him more deeply and love Him more faithfully. Our dream, therefore, is to build a community based on the Eucharist, henceforth on forgiveness of one another, caring for each other, bearing one another's burdens, personal prayer and sacramental worship.*

Members of Toronto City Council,

Toronto City Council is presently  
debating a proposal to give merchants the option of opening all stores in  
Toronto on any day, including Christmas and Good Friday.

I strongly oppose this proposal.

Our whole community is made poorer when times sacred to the  
human spirit are sacrificed so that the last drop of profit may be  
extracted. It is important that people of all faiths be able to celebrate their  
holy days without pressure being put upon employees and their families.  
It is surely not unreasonable to expect that the city should show respect  
for the most holy days of the nearly two-thirds of the population who are  
Christians.

I completely support the statement made by the Catholic Civil  
Rights League, which notes that while it is impossible to predict how  
many would avail themselves of the option to remain open on any day,  
“the move to end the very few common holidays still permitted to retail  
employees should be opposed. We have already seen how Sunday  
shopping moved from a limited option to an almost universal practice,  
disrupting religious and family time.” In practice, when a common policy  
on holidays is abandoned, employees, and businesses as well, are left  
with little choice.

The pursuit of economic advantage at the expense of human and  
spiritual values, and of the sanctity of the family, is foolish. It erodes the  
quality of life in our city.

Not only do I urge the council to reject this proposal, but I suggest  
that it might more profitably serve our whole community by examining  
how we might become a healthier city, with stronger families and with a  
more humane and civilized way of life, by increasing the freedom of  
employees to have more time to be with their families and to develop  
their human and spiritual potential.
