PARENTING TIP FROM THE DIOCESE

Parents can become exasperated by the behaviour of their children yet may unknowingly be contributing to it by not practicing more control in some areas of their children's lives. You can help your child to be the best version of themselves by ensuring a balanced diet, by making sure they get enough rest (something severely lacking in many children), by ensuring they have lots of active movement each day and by praying as a family daily. Besides these proven benefits to children, there are other actions also proven to help: controlling screen time (all screens) to the recommended time for their age, spending quality time with parents every day, sharing meals as a family, ensuring they have downtime and are not too activity heavy and by knowing the right expectations to have for the age of your child. Many poor behaviours can be turned around when parents take on a strong leadership role in their families. (Family Ministry Office; 905-528-7988 ext. 2250)

Immediately after these words & without any further explanation, Sister Faustina records this unexpected request of Our Lord:
At three o'clock, implore My mercy, especially for sinners; and, if only for a brief moment, immerse yourself in My Passion, particularly in My abandonment at the moment of agony. This is the hour of great mercy for the whole world. In this hour, I will refuse nothing to the soul that makes a request of Me in virtue of My Passion. (1320)
O Blood & Water, which gushed forth from the Heart of Jesus as a fount of mercy for us, I trust you. (I, 35)
