Children thrive on routine and schedules, as do most adults. As summer approaches and the days grow longer, it can be difficult to keep established timetables in check. Helping your children flourish in mind, body and spirit this summer is possible, but as parents you must take control. Keep track of the nutritional value of the food your children consume each day; work hard to be sure they get the proper amount of sleep since it will provide benefits both now and into the future; remember to celebrate God's beauty in nature, to say prayers at meals & before bed and to attend Mass as a family. Children's growth doesn't take a break during the summer months, so be vigilant and they will blossom.
