**PARENTING TIP OF THE MONTH**

Parenting Tip 144 - Parents hold two important roles in their family, they lead and model. Healthy families come from parents who take both roles seriously. As leaders you set the household tone by staying on the same page (even if parenting from a different household), setting rules to be followed and by ensuring children know you are in charge. Even more important is your role as a model, since children watch more than listen! Modelling happens when you spend time with your children, really listen to them, encourage them and have deep and important conversations. When you take on these two roles you will become the primary influencers of your children and they will feel loved and secure. From: Teresa Hartnett, Family Ministry Office; 905-528-7988 ext. 2250.
