5th Sunday in Ordinary Time

"Then the fever left her and she waited on them." What a day for this woman! She had been confined to bed, burning with a fever, too sick to move around. Then, her son-in-law showed up with his brother, two friends, and a man with a growing reputation for working miracles. With no ceremony, this man came straight over to her, took her hand and helped her to her feet. There was no time to question Jesus' bold action because in an instant, the woman was healed. Whatever he had done had worked!

We can imagine that the appearance of this group of guests at her house caused Simon's mother-in-law some distress; in her illness, she had been unable to offer them the hospitality so important in that culture. But as soon as the fever disappeared, she regained the freedom to properly welcome her visitors. No longer sick, she was able to serve. And that was exactly what she wanted to do. Without hesitation, she began to use her restored health to care for others. And soon enough, her hospitality was extended to new levels because "the whole town was gathered at the door" to see Jesus in action.

How do we use our health? Do we think of it as a gift from God to be put at the service of others? Or do we think of good health as simply our own right? Today's virtuous woman teaches us about a kind of physical generosity. Recognizing that her health had been given to her as a gift, she in turn offered her strength, her ability to stand and walk and work, as a gift to others. What a beautiful way to understand the human body. Instead of focusing on how our bodies can serve us, may we follow the example of this woman who was so quick to attend to the needs of her family, her friends, and her neighbors.
