PARENTING TIP OF THE MONTH - Parenting Tip 142. As parents, we love our children unconditionally, but the tasks involved are still challenging. There are many moments when our children can annoy us, test us and even defy us! Our response can be the difference between positive learning and damage to our relationship. What is a parent's best strategy? Learn to pause between the time a problem occurs and the time you respond. Take a moment to count to ten, take a deep breath, close your eyes, say a quick prayer, or take your own time out. When you are calm and collected, address the issue in the way you feel will work best to solve the issue, not one based on high emotions. Family Ministry Office: 905-528-7988 ext. 2250.

MARRIAGE TIP OF THE MONTH - Marriage Tip 122. Conflict in any relationship is inevitable, but how we handle that conflict is not. When it comes to the spousal relationship, we often experience reoccurring conflict, which is not easily resolved because it is the result of fundamental differences in how we live in and/or view our world. Since it is hard to change a person's natural inclinations, couples have to find ways to resolve the ongoing conflict in ways that do not harm the love they feel for each other. One way to do this is to sit together when you are calm and find a middle ground that will work for both of you. We like to be right, so both partners will have to suspend their own desire and look for a workable solution for both. The benefit? Calmer moments, more shared love and a happy household! Family Ministry Office, 905-528-7988 ext. 2250.
