Stewardship Reflection

Just when the Apostles were getting used to having Jesus around after His resurrection. He leaves again and ascends into heaven. The natural reaction of the Apostles would be one of fear at the prospect of being alone again. Instead, as

we hear in today's Gospel, they "returned to Jerusalem with great joy". The Apostles trusted in our Lord's promise that He would send them the Holy Spirit. Trust is a virtue central to the life of a disciple and Christian steward. It is only through completely trusting in the Holy Spirit that we are able to confidently and generously share our gifts and do our part in proclaiming the Good (Stewardship Office, The Archdiocese of Winnipeg, News. www.archwinnipeg.ca)

Rectory Repairs

The Parish is now accepting written estimates for the shingling of the rectory roof located at 395 St. Charles St until May 21. Estimates are to include the removal and the disposal of existing shingles, the cost of '25-year-grade' shingles that would match as close as possible the shingles on the garage roof, plus any other costs and the estimated time the work could be done. Estimates can be left in the mail box at the rectory or faxed to the Parish office at 204-885-1997. If you have any question please contact Richard Nichol or the Parish office.

The House of Hesed Dinner Theatre would like to extend a big THANK YOU to the parish of St. Charles for its support of this year's production, to the Parish for renting the hall to us and to the many volunteers who helped make "Heading South from the Great White North" such a success.

The Archbishop's 50th Anniversary of Ordination to the Priesthood will be celebrated on Friday, May 31st, 2013 at St Mary's Cathedral. Mass will begin at 7:30 pm. (everyone is welcome)

St. Charles 9:30 choir needs new members. We are sending you some information on the benefits of singing, not only for the soul, but also for healing and well-being.

Here are some statements compiled from a Globe and Mail article. Singing, especially in choirs, is **good for the body, mind and soul**, no matter what your age or ailment.

The singing voice is like a muscle. We can develop it.

Singing reduces pain perception and acts as pain diversion.

Clinical evidence has proven that music can improve **motor function, communication and cognition** for many brain-based conditions, such as Alzheimer's and Parkinson's.

Singing improves breathing and posture, improves our social, spiritual and emotional well being. It is helpful for the heart and immune system. It promotes better sleep, relieves asthma, elevates energy, alleviates depression, reduces stress, gives a natural high.

When you're happy, you're healthier. It's hard to be sad when you're singing.

From the Bible comes this verse:

"Make a joyful noise unto the Lord, all the earth: make a loud noise, and rejoice and sing praise."

And from Miguel de Cervantes, Spanish poet ad novelist comes this: **"He who sings scares away his woes."**
