Parenting Tip of the Month : Children thrive on routine because it gives them a sense of control and security in their lives. As parents we can offer great benefits to our children by providing routines, setting limits and ensuring there is structure to our family commitments and obligations. When we model these actions to our children they learn

organizational skills that will help them as they move into adulthood and take control of their own lives. (From: Teresa Hartnett, Family Ministry Office, 905-528-7988 ext. 2250)

Marriage Tip of the Month: Life sometimes throws so much "stuff" at us that we feel we are running on a treadmill that just won't stop. Down time seems non-existent, and experts tell us that most adults are not at their best because they are constantly sleep deprived. If you see yourself in that statement, then it is time to stop for a

moment and ask how this busy life is impacting your married relationship. Do you make your spouse a priority, or do they get the leftovers, of which there are often none? Do you find yourself impatient with the one you love because you are stressed and tired? Marriage is a commitment to the other made in love – are you putting your spouse first, or last? It is an important question to resolve if you want a connected, loving, joyful marriage. (From: Teresa Hartnett, Family Ministry Office, 905-528-7988 ext. 2250)
