Parenting Tip of the Month: This is the time of

year when many graduations occur: from kindergarten to grade 1, from grade 8 to high school, from high school to post-secondary or the workplace, from post-secondary and graduate school to the workplace. Many accolades are given at this time, but often we forget that success comes from a solid foundation built by the family. In family children learn about everyday events and life-impacting situations; they learn about values, commitment, caring and love; they are given support through failures and congratulations on successes, allowing growth and an acceptance of challenges; they learn how to be somebody in their own right, while feeling secure because they also belong; they learn about faith and spirituality, so they can be sustained as they navigate life. Parents are the most influential people in their children's lives - your role and how you fulfill it really does matter! ! (From: Teresa Hartnett, Family Ministry Office, 905-528-7988 ext. 2250)
