ISSUE	FACT	WHAT YOU CAN DO
BATTERIES: Daylight Savings Time is Sunday March 11 th – a reminder to keep our families safe by changing our smoke and carbon monoxide detector batteries.	BATTERIES contain toxic metals such as lithium, cadmium, nickel, lead and mercury. When dumped in landfills they can burst, poisoning soil and ground water and damaging or killing surrounding plant life. At times the heavy metals end up in the drinking water supply. Animals often mistake them for food, and die when the batteries burst in their stomachs.	Please help care for God's creation and bring all of your dead batteries to church during the two weekends of March 10/11 th and March 17/18 th and drop them in the GREEN bins at all the entrances. THE GREEN TEAM will safely dispose of them.
