Parenting Tip of the Month: When children identify role models they look up to, they are often action heroes, including cartoon heroes, who have powers that are superhuman. Children need assistance to recognize true role models living amongst them; individuals a child can and should emulate as they mature. Good role models have clear values, willingly look to assist others with any need, are passionate about what they do, accept each person for who they are and are guided by the light of faith. Help your children identify role models in their lives and to discover the positive qualities these people possess and watch them thrive as they become inspired to develop similar qualities
