Batteries: On November 3rd Daylight Savings Time ends and our clocks go back and we are reminded to keep our families safe by changing our smoke and carbon monoxide detector batteries. BATTERIES contain toxic metals such as lithium, cadmium, nickel & mercury and when dumped into landfills can burst, poisoning soil, ground water and plant life. Animals often mistaken them for food and die when batteries burst in their stomachs. As good stewards of God's Earth we strive to keep all life safe by properly disposing of used batteries. You may bring all of your dead batteries to church during the two weekends of November 2/3rd and November 9/10th and drop them in the green bins in the narthex. THE GREEN TEAM will safely dispose of them...just another way that Regina Mundi is caring for Creation.
