*Our Lady of the Assumption,
Pray for us!*

*St. Gregory the Great,
Pope and Doctor of the Church.*

“Pope Saint Gregory I, also known as the Great, was the Pope of the Catholic Church between 590 and 604 AD.

Gregory was born around 540 in Rome. The exact date of his birth is unknown. Gregory's family was very wealthy and owned estates on the island of Sicily which provided income. Gregory was well educated and excelled in all his studies. He also became an expert in law. He excelled so much he became the Prefect of Rome, just as his father had been. Gregory was only 33 years old. After Gregory's father had died, Gregory had the family villa in Rome converted into a monastery. Today the monastery still stands as the San Gregorio Magno al Celio. Pope Pelagius II, who reigned from 579 to 590, chose Gregory to serve as an ambassador to the imperial court in Constantinople. After Pope's death, Gregory was proclaimed pope by acclamation. This was not something he wanted, but he accepted the burden nevertheless. Gregory made clear he preferred the monastic life in a series of writings praising it. He also referred to himself as a servant of God. The habit remains in practice to this day and many clergy still refer to themselves as servants. Pope Gregory was famous for the emphasis he put on missionary work. He also made many changes to the Mass, some of which remain today. The position of the Our Father in the Mass remains where Pope Gregory placed it. He may have also established "cantus planus," known in English as plainchant. Most today know this style of singing as Gregorian Chant. The melodious, monophonic music is known throughout the Church and closely associated with medieval monasteries. Pope Gregory was well known for his alms to the poor, and he gave quite generously of the riches donated to the Church by the wealthy people of Rome. Everything from money to land was given to the poor in some fashion. He made clear to his subordinates that their duty was to relieve the distress faced by the poor. He also made certain to dine with a dozen poor people at each meal. He died on March 12, 604 AD. He was immediately proclaimed a saint by means of popular acclaim. In 1969, the Second Vatican Council moved Saint Gregory's feast day from March 12 to September 3 so it would not fall during Lent. Saint Gregory's relics remain in St. Peter's Basilica to this day.
