FOOTPRINTS IN THE SAND

Why did the Church decide to prepare a new translation of the Mass right now?

The translations that we've been using for the last 40 years were always meant to be interim translations. The volume of texts to translate was so great that translators only were able to begin the revision process in 1982. It has taken almost 20 years to complete the process.

What changes are coming?

The changes fall into 2 categories. 1) There are some changes in WHAT we do at Mass, which include the choice of music, and how we as congregation participate at Mass. 2) Almost all the prayers of the Mass and responses of the people will change.
