DEVELOPMENT & PEACE - Madagascar: an ecological village to cope with climate change

Development & Peace's *People and Planet First* campaign celebrates what solidarity can achieve, even against seemingly impossible odds.

In Madagascar, for instance, Development & Peace's partner, the Development Council of Andohatapenaka (CDA), empowers people to manage and transform their neighbourhoods.

In the capital region, which is afflicted by flooding and poor waste management, CDA has helped the residents of one vulnerable area to turn their environs into a thriving ecological village. Today, each of the 50 households involved in the project has a vegetable garden, a stove and solar panels. This transformation reflects a true ecological conversion. UKRAINE HUMANITARIAN CRISIS

We can see there is a humanitarian crisis unfolding in Ukraine and across Europe as people flee to safety in neighbouring countries. How can we contribute materially to help alleviate the suffering this invasion is causing? Perhaps this Lent, with our prayers and fasting, we can consider supporting these organizations as part of our traditional practice of almsgiving or charity. Here are three reputable agencies, two Catholic ones with established connections to Ukraine and one well-known secular agency that will use donations to assist those most in need.

Catholic Near East Welfare Association (CNEWA)
