DEVELOPMENT & PEACE

Let's defend the defenders of our common home!

"Native Amazonian peoples have probably never been so threatened on their own lands as they are now." Pope Francis, Peru, January 2019. This is true for Indigenous peoples, but also for traditional communities of the Amazon. Here are two communities in Brazil under threat:

- The way of life of Machadinho d'Oeste's seringueiros (artisanal rubber tappers) is being destroyed by industrial logging.
- The Mura Indigenous people of Manaus were not consulted before a phosphate mining company began operations on their lands.

Sign the Development & Peace - Caritas Canada Solidarity Letter today to support these two communities. Your signatures will allow us to call for their protection and respect of their rights. Together, let's defend the defenders of the Amazon. To sign the Solidarity Letter online: www.devp.org/act
