PARENTING TIP OF THE MONTH ~

Parents are the most influential people in their children’s lives. Even in the teen years, when peers become so important, parents are still influencing their children in almost every way. As their role model, it is important to ask yourself if what your children are seeing and hearing from you is how you would like them to act and speak. Do you speak kindly to family, friends and strangers? Do you limit the amount of time you engage on your phone, tablet or computer? Do you show them that you rely on God through prayer, attending Mass and talking about times God has helped you through? Your children are watching you to know how to act and behave, so look inward at how you act and speak and be sure you are the person you want your child to become.
