EASTER SUNDAY
RESURRECTION OF THE LORD
CYCLE C (LUKE)

EASTER MESSAGE FROM FR. PETER

We have been through a lot since March of 2020 when the first round of the pandemic changed the patterns and routines of everyone's lives. Who could have understood the world changing journey we were about to embark on. This is an opportunity to recall the image of God's chosen people on their journey in the desert for forty years. They did not understand the journey God was leading them on. And it is worth noting that they let God know they were not happy, complaining many times throughout their epic journey. But God kept his promise and brought them to their new homeland. We must remember these biblical lessons: We don't always understand the pathways God is leading us on. But they are always the passageways to the rest that God wants for his children, and the homeland God wants his people.

This image of being God's chosen people – an image given to us by God himself – assures us that we are his special possession, and we are also on an epic journey to the homeland he will give to us. I find this biblical understanding to be a great blessing as it helps us to see ourselves in the light of God's providential love, and not only within the strict confines of limited human experience.

Easter is the time we remember and celebrate the Passover God has provided for us, the chosen people of the New Covenant. The sacrificial lamb is not an unblemished sheep but the only begotten Son of God, the Innocent One who freely shed his blood for our redemption. Remembering is a very important part of life. We remember accomplishments like graduations and job promotions, weddings, births, deaths, and anniversaries of all kinds. They are all important markers on our life-journeys.

This Easter we are in round six of the covid variants, and we're winning. The effect of the illness is weaker, and our freedom to return to normal living is increasing. We remember and grieve the losses we have seen and experienced. We have much to pray for in the conflicts and troubles that still affect the world. But we know that we have a Saviour who has conquered all for us, we are winning. Now we know the journey we are on more clearly. We are already saved by the love of God poured out in Jesus and the ultimate victory of his resurrection. And we can celebrate and share his love with everyone on our journey, every day of our lives. Happy Easter to you all!

He is risen! He is truly risen! Alleluia! Alleluia!

MEMORIAL MASS FOR ROSE GREEN

Rose Green was the cantor at St. Boniface for over 25 years. She passed away on April 29, 2020. Because of COVID restrictions, we were unable to have a public funeral. Now that restrictions have been lifted, we have planned for a Memorial Mass on: **SATURDAY, APRIL 30 AT 11:30am at St. Boniface Parish.** Parishioners are all welcome to attend.

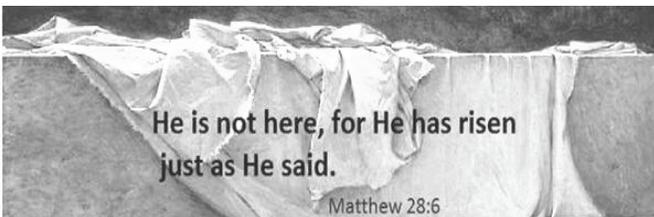

DID YOU KNOW?

Are there proofs for the Resurrection of Jesus?

There are no proofs for the Resurrection of Jesus in the scientific sense. There are, however, very strong individual and collective testimonies by a large number contemporaries of those events in Jerusalem.

The oldest written testimony to the Resurrection is a letter that St. Paul wrote to the Corinthians around twenty years after Christ's death: "...He was raised on the third day in accordance with the Scriptures, and that He appeared to Cephas, then to the Twelve. Then He appeared to more than five hundred brethren at one time, most whom are still alive..." (1 Cor.15:3-6) Paul is recording here a living tradition that was present in the original Christian community two or three years after Jesus' death and Resurrection, when he himself became a Christian - on the basis of his own staggering encounter with the risen Lord. The disciples took the fact of the empty tomb as the first indication of the reality of the Resurrection. Women, of all people, discovered it - according to the law of that time they were not able to testify. The Apostle John - "saw and believed".

He is not here, for He has risen just as He said.
