— Matthew 7:12

As we ponder the "golden rule", we remember that food waste is a clear sign of the inequality that exists in the world today. Enough food is grown globally to feed every person, but more than 821 million people remain undernourished due to a lack of equitable food distribution and waste. According to the U.N. Food and Agriculture Organization, we could feed 2 billion people, more than twice the number of undernourished people across the globe, by reversing this trend.

**ACT/PRAY: Thank God for the abundance of food in the world.** Donate to a local food bank, support hunger and poverty alleviation efforts. - *ncronline.org-Creation Care Green Team*
