ECO CORNER

The Weight of the Problem

Our caretaker & favourite Tree Hugger, Michael Pollard, reported that we dropped off 115 pounds of dead batteries last year. That's a total of 853 pounds since 2013 that we have kept from contaminating our soil & water. Let us continue to take more steps to care for God's Creation & pray:
God, Creator of the Universe, we thank you for all that you have given us. Help us to protect the world & not prey on it, that we may sow beauty, not pollution & destruction. Touch the hearts of those who look only for gain at the expense of the poor & the Earth. Teach us to discover the worth of each thing, to be filled with awe & contemplation & to recognize that we are profoundly united with every creature you created as we journey towards your infinite light. Amen ~ THE GREEN TEAM
