MARRIAGE TIP: Marriage is a journey that two people undertake with a plan to navigate life together. When researchers investigate what makes the journey both long and happy, many things come into play, but a strong one is repeated by most: "I married my best friend." It is good to ask yourself then, are you being a good friend to your spouse? Do you spend time together, share parts of your day, invite them to share in an event with you, watch a movie together, or even a series that can become together time? Do you call once in a while to say hello during the time you are not together and plan time for your spouse in your agenda – everyday? Friendships thrive and last in this kind of environment, so make friendship a foundation of your marriage.
