MARRIAGE TIP OF THE MONTH: We communicate by using words, sometimes without thinking about their impact. Words can build someone up or tear them down. It is the same in our relationships, the words we choose to express ourselves can impact our relationship, even when there is an issue, positively or negatively. Severe words that criticize, words used in harsh tones, words that are not true, or worse, saying nothing at all but acting angry, all escalate sometimes small matters into a storm. Speaking the truth and expressing needs in ways that are not negative will resolve matters and do no harm, in fact, they will strengthen your love and bond.
